

## **2004-05 EXPLANATION GRADUATE STUDENT TUITION/FEE CHART**

The attached chart shows the different components making up resident fees. These are the Registration, Educational, University Center, Recreation Facility, Graduate Student Association (GSA) and Health Insurance Fees. In addition, California nonresidents and international students pay tuition. The amount of Resident Fees, Nonresident Tuition and Tuition/Fees for advanced and non-advanced students are shown by quarter (F = Fall, W = Winter and S = Spring) and for quarter combination and yearly totals. Also, programs covering partial fees (ICFG, TAHI and TAFE) are listed with quarterly and yearly totals.

**NONRESIDENT TUITION:** A graduate doctoral student may receive the reduced nonresident tuition rate beginning with the first quarter following advancement to candidacy and ending three years later. After three years, any student who continues to be enrolled will be charged the full nonresident tuition rate.

**ICFG:** The In-Candidacy Fee Offset Grant (ICFG) is paid for those students who have advanced to Ph.D. Candidacy and are within their Normative Time Limit. The Educational portion of fees is paid under ICFG and funded by the Office of the President (OP). ICFG per quarter is **\$1852/1852/1852** or **\$5556/year** for **residents** and **\$1934/1934/1933** or **\$5801/year** for **nonresidents**. The chart shows what the balance of fees or tuition/fees are for a student eligible for ICFG.

Note: Students who are hired as Teaching Assistants a minimum of 25% have the Education fee paid by TAFE rather than by ICFG.

**TAHI:** TA Health Insurance (TAHI) is paid for those students employed on academic titles for 25% time or more during the quarter. For state funded (19900) appointments the cost is funded by the Office of the President. **TAHI is \$391/391/391 or \$1173/year.**

**TAFE:** Like TAHI, students are eligible for TA Fee Remission (TAFE) if employed on academic titles for 25% time or more during the quarter. TAFE will be funded by each campus and will pay **100% of the Registration Fee and Educational Fee**. **TAFE per quarter is \$2090/\$2090/\$2089 or \$6269/year for residents and \$2172/2172/2172 or \$6514/year for nonresidents.** The balance of fees due per quarter is **\$141.50/\$141.50/\$141.50 or \$424.50/year.**

**OFF-CAMPUS (OUT-OF-STATE) STUDY:** For those students studying off-campus, **half of the Registration Fee of \$238/238/237 is waived, or \$119/119/118.50.**

**ADDITIONAL FEES:** An additional material fee of \$325.00 per quarter is assessed to all IR/PS students.
